- Publish 50+ articles across six series, using humour, emotional honesty, and social observation to examine love, identity, culture, and behaviour.
- Write and edit **Your Fairy Godfriend**, a personal-reflection newsletter (54+ subscribers), including seasonal and relationship-focused editions.

Classroom Teacher · National Youth Service Corps (NYSC)

Nigeria

Documented in the series Corper’s Diary

- Served as an NYSC teacher, working in a school setting (assembly, staff room, classroom) and navigating the gap between formal training and lived classroom reality.
- Turned daily service into narrative non-fiction — capturing humour, fatigue, cultural texture, and the dignity of ordinary teaching work for a public audience.

EDUCATION & RESEARCH

Undergraduate studies in Criminology

Nigeria

- **Final-year thesis:** How police brutality affects public perception of law enforcement officers in Nigeria (Ogun State case study). 60% of respondents had experienced brutality or knew someone who had, including people aged 36–45 — used to argue that harassment exceeds appearance-based stereotypes and points to systemic power.
- Independent relationship survey on what most often breaks relationships (cheating ranked highly), later informing the essay “How to Know If Your Partner Is Cheating on You.”
- Public scholarship connecting classical criminology (including Lombroso and tattoo stigma) to Nigerian street life, policing, and popular film.
